PROFESSIONAL SUMMARY

Recent Computer Engineering graduate (Altinbas University, GPA 3.3/4.0) with hands-on experience building full-stack web applications, customizing ERP/CRM systems, and analyzing data pipelines. Proficient in React, Next.js, TypeScript, Node.js, and PostgreSQL, with production experience in Odoo CRM/ERP development. Fluent in Arabic, English, and conversational Turkish. Seeking full-time Software Engineer opportunities.

WORK EXPERIENCE

Software Developer Intern | Jan 2026 - Apr 2026

EDM Company | Beirut, Lebanon

Customized and shipped 3 Odoo CRM modules over a 4-month internship, including a full real estate management module supporting 50+ property listings across 4 user roles with role-based access control.

Collaborated with a 4-person development team to translate business requirements into production-ready solutions across 2 client-facing releases.

Tested and debugged CRM features pre-release, resolving 15+ issues and documenting functionality to support handoff and onboarding.

Web Data Analyst | Jan 2024 - Jan 2025

Oktamam | Istanbul, Turkey (Hybrid)

Analyzed and structured web data across 5+ digital platforms, supporting weekly reporting for data-driven decision-making. Maintained data accuracy and consistency across 10+ client-facing properties, reducing reporting discrepancies through routine QA checks.

Delivered structured reports on a weekly cadence over a 12-month period, working cross-functionally in a hybrid environment.

PROJECTS

SnapSpend -- github.com/Omarrstm/snapspend

An offline, on-device expense tracker for Android: snap a photo of a receipt and on-device OCR (Google ML Kit) parses the merchant, total, and date into an editable form, with no cloud API or account required. Full expense history with category filtering and a stats screen breaking down spending by category and month, backed by local SQLite storage and covered by Jest unit tests with GitHub Actions CI. (React Native, Expo, TypeScript, SQLite, ML Kit, Jest)

FitFork -- github.com/Omarrstm/FitFork | fitfork-ochre.vercel.app

Two-sided marketplace connecting home cooks with buyers who track macros: full auth, listing CRUD with photo upload, filterable search, an order status lifecycle, and ratings/reviews. Covered by automated tests and CI on every push. (Next.js, TypeScript, Prisma, PostgreSQL, NextAuth, Vitest, Tailwind CSS)

Real Estate Odoo Module -- github.com/Omarrstm/real_estate

Full-featured real estate management module built on the Odoo ERP framework: property listings, property types, tagging, offer management, and role-based access control. (Python, Odoo, XML, PostgreSQL)

Personal Portfolio -- github.com/Omarrstm/Portfolio | portfolio-eight-olive-93.vercel.app

Full-stack personal site built with Next.js, TypeScript, and Tailwind CSS, featuring dark mode, responsive design, and animated UI. (Next.js, TypeScript, Tailwind CSS, Framer Motion)
